NARRATIVE OF INCIDENT

The complainant stated that officers fired bean-bag shotgun rounds and then live ammunition at Luis Gongora, killing him. The complainant believes the officers approached Mr. Gongora in a manner that escalated the situation, rather than de-escalating it, and that they failed to gather relevant information before confronting Mr. Gongora. The complainant is concerned that the officers' actions might have been related to Mr. Gongora's race or ethnicity.

The complainant also stated that the San Francisco Police Department investigation into Mr. Gongora's shooting is deficient and that the Department is attempting to cover up the improper actions of the officers who shot Mr. Gongora. The complainant is complaining about Chief Suhr making inaccurate or false statements regarding Mr. Gongora's shooting at a Town Hall meeting on April 13, 2016, and about SFPD personnel involved in the investigation who provided information about the shooting to Chief Suhr.

The complainant stated that she is also complaining about the San Francisco Police Department process for hiring Off. Mellone, one of the officers involved in the shooting. A media report stated that Off. Mellone transferred to the SFPD from another police department, where he was involved in a federal lawsuit for excessive use of force.
